

OVER 40 YEARS STRONG!!!!

CUSTOM SIZE THROW AWAY FILTERS

Features & Benefits

- Reduced Lead Times
- MERV 7 Fiberglass Media
- Competitively Priced
- 1/2" and 1" Thicknesses Available
- Pinched Frame Design
- Low Resistance

ORDERING IS SIMPLE

Let's say you have a filter size of: 13x17x1

Filtech's Part Number would be: ZTAC13x17x1

Should your number consist of fractional sizes don't worry we can handle those as well. For example:

Let's say you have a size of: 16 1/2 x26 1/4 x1

Filtech's Part Number Would be: ZTAC16Dx26Bx1

You can see which fractions are represented by what letter below:

A=1/8, B=1/4, C=3/8, D=1/2, E=5/8, F=3/4, & G=7/8

Should you have any questions please feel free to contact us.

Custom size throw away filters are now manufactured locally by Filtech Inc. at our West Homestead, Pa facility.

- Standard shipment is 1-2 weeks after receipt of order.
- Rush orders can be accommodated.

This filter is ideal for installation in fan coil and ventilation units. Applications include hospital patient rooms, hotels, and schools or where any made-to-order size is required.

This filter utilizes a MERV 7 rated media which has an initial resistance of 0.08" wg. @ 300 feet per minute per ASHRAE test standard 52.2-2007. The media is "mechanically" fastened to the frame not just glued.

Plus there's no metal facing to get hung-up while installing. The one piece frame design is more durable than designs with multiple filters taped together.

For more information or to place an order please call or email us today!!!
